He requested that City Staff look into this issue.

Mr. Schmahl asked whether the name “Anchor Drive” is the official name of the proposed street that will run through the Anchor Block property. City Manager Scott Duddeck that is the direction at this point.

Mr. Schmahl asked who will be responsible for snow removal on the sidewalk near the development. Mr. Duddeck stated maintenance has not yet been discussed, but the City’s policy is that sidewalks on main thoroughfares are cleared by the City.

*Rachel DesJardins* stated she hopes to open an Airbnb at her brother’s North St. Paul home at his request while he is deployed. She added City Staff informed her that short-term rental use is not allowed in the District where her brother’s house is located. She noted the home is located on an intersection, and she was told that rental use is allowed at other properties on the intersection.

Mr. Duddeck stated Airbnb is not recognized as a use in North St. Paul, and the rental housing license program is currently used to manage these types of requests. Mr. Duddeck agreed to work with Ms. DesJardins to find a solution. He noted many metro area cities have ordinances with specific licensing for Airbnb’s, but it is not prohibited.

Council Member Thorsen stated the City should take action to determine whether there is a need for regulation of this type of use.

E1. Approval of the preliminary 2019 General Fund budget and tax levy and set public meeting date.

Finance Director Jason Zimmerman reviewed the preliminary 2020 General Fund Budget and Levy. He stated three resolutions will be presented for the City Council’s review and approval. He added the City-based levy is proposed for 5%, which is the smallest increase since 2014, and the estimated market value of the median value home in North St. Paul increased by 2.4% since 2014. He noted the median value increased to 16.1% for assessment year 2019 and taxes paid in 2020.

Mr. Zimmerman stated the 2020 preliminary budget includes goals and achievable outcomes. He added these include increased resources for public safety, including an additional Patrol Officer and an additional Community Service Officer, as well as on-paid on-call firefighters and the Fire Relief contribution fund. He added other goals are the promotion of redevelopment and focus on growth opportunities, for which there are associated costs. He noted expansion includes North and South Anchor Block and new apartments at Old City Hall site.

Mr. Zimmerman stated other municipalities have had median value increases, while others have decreased. He added North St. Paul is 5.5% above the next highest growth city. He noted the City can be proud of this indicator of growth, and the fact that the City has recovered from pre-recession highs.

Mr. Zimmerman stated it is important to note that the composition of the tax base in North St. Paul has shifted in 2019. He added, while 16.1% is the average home value increase, the value of every home in North St. Paul did not increase by 16.1%.

Mr. Zimmerman stated property tax relief programs are available to residents of North St. Paul, and administered by the State of Minnesota, including the Senior Citizen Property Tax Deferral Program, and the State Property Tax Refund Program.

Mr. Zimmerman stated City Staff recommends City Council approval of Resolutions related to the preliminary 2020 City budget, as well as tax levy for the Housing and Redevelopment Authority (HRA) and Economic Development Authority (EDA). He added the date of December 3, 2020 is requested to be set for the Truth in Taxation Hearing.
Council Member Sonnek asked whether Ramsey County uses a formula for determining property values. He added the County has indicated a 16.1% home value increase in North St. Paul, but the median value of homes in adjacent communities did not increase by that high amount. Mr. Zimmerman stated the County makes each assessment individually and using the area market. He added there may be slower growth in another city.

Mr. Duddeck stated a Realtors Association report indicates that the average home sale price in North St. Paul for August 2020 is $235,000.

Mayor Furlong thanked Mr. Zimmerman for his presentation, as well as his hard work and efforts on the 2020 budget.

Mr. Duddeck stated the information presented by Mr. Zimmerman is available on the City website.

Discussion during the motion: Council Member Thorsen stated, as discussed in previous budget meetings, he will not support the Resolution adopting preliminary 2020 HRA tax levy as the current cash fund is sufficient and a maximum levy is no longer required.

On motion by Council Member Petersen, seconded by Council Member Thorsen, with all present voting aye (5-0), motion carried to set the date of the Truth in Taxation Hearing for December 3, 2019.

He reminded residents that recycling is now picked up on a weekly basis.
Mayor Furlong requested clarification regarding composting. Mr. Duddeck stated residents who subscribe to the yard waste program receive a 95-gallon container. He added a 2nd cart will be provided upon request at no additional charge.

Council Member Thorsen stated he did not receive an orange linen bag from the new collector for household recyclables. Mr. Duddeck stated the orange bags will be direct mailed to all homes in North St. Paul within the next two weeks from Simple Cycle. He added the bag will be replaced after it is collected.

Council Member Thorsen stated some residents still have their containers from the previous collector, and what they should do to get them collected. Mr. Duddeck stated residents can call City Hall. He noted a separate phone line has been set up for retrieval of old containers.

Mr. Duddeck stated the City’s siren went off that night as a result of the power outage.

Mr. Frandle stated Excel Energy has indicated that they will need to replace some residential gas main service lines into homes due to faulty pipes.

Mayor Furlong stated he noted that Jim Winkels, Amcon Construction, was in the audience earlier. Mr. Duddeck stated Mr. Winkels had a rendering of the development at the old City Hall site for the City Council’s review, to place on site and for inclusion on the City website.
