ZONING & LAND USE APPLICATION

Escrow:
 \$1000 min.
 (code 1.2044)

Application Fee:
 \$500.00
 (code 1.3290)

APPLICATION FOR TEXT AMENDMENT

The text amendment process must be scheduled through the Community Development Planning and Zoning Department. The lead-time for submittals shown on this application is necessary to allow City staff and consultants time to review and comment on documents provided. Additional lead-time will be required if the City determines that the potential impacts require more detailed study, or if review by other agencies is required. Incomplete application submittals will not be forwarded to the appropriate Commission or Council until all required information has been provided.

NOTE TO APPLICANT

All completed application and accompanying materials are due 30 days prior to the scheduled Planning Commission meeting (if applicable). The purpose of this submittal requirement is to allow for:

1. Plan distribution to the City staff, consultants, and applicable government entities.
2. Project review time and generation of staff reports.
3. Project meetings between City staff and applicants.
4. Meeting materials preparation and distribution.

The North St. Paul City Codes guide and enable development activities within the City by ensuring proper and well-coordinated projects. The land use application is the mechanism that allows the City to examine proposed land uses to ensure compatibility with the City Codes, design and development standards, and the surrounding land uses and natural environments. The review is intended to ensure positive growth for the community. All applications are reviewed individually and are evaluated based on their own merit. Each land use request has an associated checklist of required items. Applicants are encouraged to participate in an initial meeting with City staff prior to submitting a formal land use application. The initial meeting is an opportunity to informally discuss the conceptual idea of the proposed project in an effort to reduce delays. Participation in the initial meeting does not provide approval, or guarantee approval of the project. The City shall not accept plans, drawings, or other information related to the project except upon submittal of a formal application. The City reserves the right to reject an incomplete application.

APPLICATION FEE STATEMENT

There may be additional expenses pertaining to project review that is the responsibility of the applicant. All applicable fees must be paid when submitting land use applications and accompanying materials. All fees, which are set annually by City Ordinance, help cover costs incurred by the City to review the application. The City of North St. Paul often uses consulting firms to assist in the review of projects. Please refer to the City's Fee Schedule for information on planning review fees and other applicable costs.

REVIEW REQUIREMENTS

Minnesota State Statute 15.99 requires local governments to review an application within 15 business days of submission to determine if an application is complete and/or if additional information is required to complete the review. Once complete, a formal 60-day review period begins. The City has the ability to extend the review period for an additional 60 days, if necessary, due to insufficient information or scheduling difficulties. Please review the corresponding checklist that goes with the request. All applications must be received by the deadline(s) attached hereto. Failure to submit by the date given may result in a delay of the review by the Planning Commission and City Council.

ACKNOWLEDGEMENT

I certify that all information submitted is true and correct and I fully understand that all information and a complete application must be submitted at least 30 days prior to a Planning Commission meeting to ensure review by the Planning commission on that date. By signing this form, I hereby acknowledge the receipt of the checklist and procedure for the project to be submitted for consideration. It is my responsibility to check all applicable ordinances pertaining to the application, comply with all ordinance requirements, and submit all required materials. All permit requests should be submitted in a timely manner so as not to cause project delays.
